has secured the services of this Agency to sell their many choice bank farms located in almost every section of Covington, Geneva and Coffee Counties. These farms are being offered at real bargains on very easy terms.

The sales plan is 25 per cent cash and the balance in ten equal annual installments at 6 per cent interest. Under this plan a farmer can buy the farm he wants at slightly more than the rent he would have to pay for the use of the farm.

We have prepared a list of these choice bank farms, giving their exact location, complete description, and price for the convenience of those interested in buying a farm. This list will be furnished upon request.

It is our plan to sell all of these farms before December 15 and we urge anyone interested to come to Opp, or communicate with us at their earliest convenience.
